

AXIAL PISTON PUMP

PPF SERIES

PPF-54-04

The highly reliable in a suitable structure for high pressure and fixed capacity-type piston pump of PPF Series is designed to be used as a main pump for special vehicles, industrial machines and ship machinery.

- Maintenance and repair are easy because the pump structure is simple.
- Durability is excellent by using high quality materials for the friction parts.

PPF系列定容量型活塞泵的结构适合高压场合，能保持高可靠性，设计成作为特种车辆、工业机械、船舶进行等主泵使用。

- 结构简单，维护方便。
- 因将滑动部分使用高级素材，耐久性优秀。

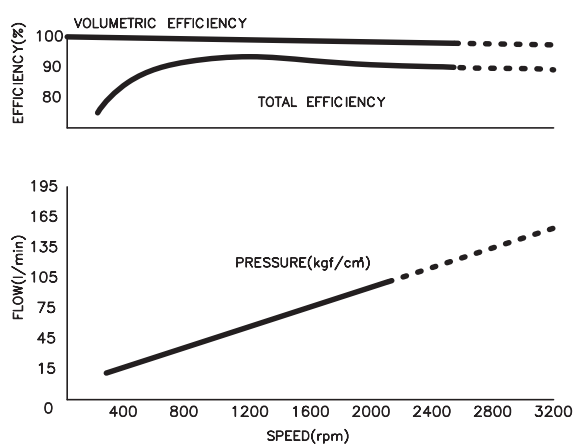

PPF-54-04

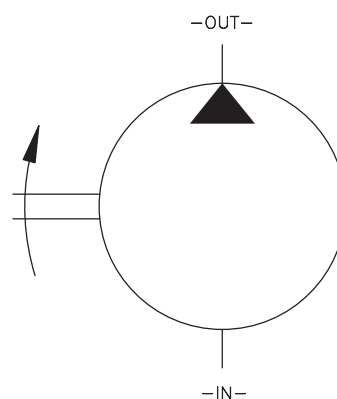

Specification
